Tel: _____ Email: _____

I hereby apply for a permit to install a private approach or access crossing which may require a culvert at the above civic address; I understand that approval is required prior to commencing any construction and that a final inspection is required upon completion of the installation. I confirm that only one private approach is permitted per property, and I further understand that if I do not construct the private approach / access crossing in accordance with the approval of the Municipality and their standards, the Municipality will refuse to issue a building permit and in addition may remove the approach or construct the approach to Municipal standards, all of which costs for the removal or reconstruction may be billed to the registered owner of the property. I have READ and UNDERSTAND the attached private approach / access crossing & culvert placement requirements.
